9/12/00 -- **Saturn went retrograde** this morning at 3:35 am PDT, and will stay retrograde until 1/24/01. During this time it is better to work toward consolidating all that we have been building both internally and externally rather than starting to lay new foundations. The alternating **Direct and Retrograde motion** of the planets allows us the opportunity to both expand, and then integrate, our inner processes and outer actions, so retrograde times are never wasted.

We still have about 5 weeks before the **Mercury retrograde** from 10/18/00 - 11/7/00. Get those contracts signed now!

Tomorrow 9/13/00 at 11:37 am PDT is the **Full moon**- always a time of culmination and fruition. Right up until that time is a great time to press for a close! Long-standing unresolved situations will also frequently resolve themselves at this time. With this Full **Moon in Pisces** there's always the temptation toward self-pity, or escapism. No, our lives really aren't a ghastly mistake or a cosmic joke. Focus on unselfish service and compassion, and we'll see it through.

The **New Moon** on Wednesday, 9/27/00 at 11:53 am PDT will as usual give us a new burst of energy and optimism. We usually feel a lot of sluggish old moon energy for the last 3-4 days before the new moon-- don't let it get you down! Use this time to clear your desk, clean out your car, and deal with any old business so you can start the new moon with a clean slate. This is also a very good time to get clients to commit if they've been vacillating-- they'll be glad to get it done!

Waxing moons, when the moon is growing in the sky each night from new to full, are great times for new beginnings. Everything we do promotes growth. This is even the best time to cut our hair for faster growth! **Waning moons**, from full moon to new, are the times when we can finish things up and let things go. Best time for pest/weed control in the garden-- cut hair at this time to make your haircut last longer!

I am happy to announce that I now have the new **Magi Society** software for Business and Financial Partnership and Business Timing analysis. This is the companion to their Love Relationship and Love Timing analysis software which so many of you have found so amazing in recent months. **These printouts are awesome..... They are the first partnership and relationship astrology reports ever that can be numerically scored for objective comparisons!!!!** Plus, they offer great insight into business and relationship timing-- Timing is so important-- important dates such as weddings, product or media release dates, and dates of incorporation should be chosen with great care for maximum planetary synergy!

I'm going to honor those **15% off coupons** for new clients a little while longer---- if you need another one, just use this newsletter. I welcome your **questions and feedback**-- send me your e-address, or anyone else's, if you or they would like to **receive StarGazer via e-mail**-- don't forget **Astrology Gift Certificates during the holidays**-- and, as always, I appreciate your **referrals** ----

Starlight Blessings and Love,
