1/28/02-- Full Moon is 1/28/02 at 2:50 pm PST. Sun exactly conjunct Neptune and closely conjunct Mercury across the Leo/Aquarius axis from the Moon, along with close trine/sextiles to the axis from both Mars and Saturn may well give us a Full Moon filled with misguided "certainties." This is not a good time to get self-righteous, as our thinking is unlikely to be clear. Furthermore, old unresolved issues are likely to be the driving force behind our tirades. Let's keep our mouths shut on hot topics until this Full Moon passes, and just try to enjoy the romance generated by the Sun/Venus/Neptune triple parallel.

The "**Heartbreak Transit**"- (**Saturn in an applying quincunx to Chiron in geo**)- **is back from 1/30/02- 3/9/02.** *Please, please, please try very hard not to start anything new during this time, for business or for pleasure.* Try your best not to meet anyone new, especially if they could be important. Don't make love with someone for the first time, and especially, don't marry. Don't sign papers, start a new job, incorporate, or anything else. It's crucial not to start a chart for any new relationship or endeavor with this aspect-- it's well-named---- and none of us need more heartbreak.

Noteworthy **Magi Days** this month: (These are days whose planetary patterns suggest strong general tendencies for one and all.) **1/28/02**- a very romantic day until next morning, **2/10**- All day today it's *the best day for making love all year!!* (But remember, not with anyone new, as discussed above.) **2/25**- A bad day for adventures in romance or business- stay out of trouble.

Saturn goes direct 2/7, sending it back onto it's collision course with Pluto (but not within orb in geo until May 2002), and **Mercury goes direct 2/8**, giving us the opportunity to straighten out any of the mistakes that slipped through the cracks during that retrograde.

The **Saturn- Pluto opposition** continues in helio for several more months---- keep clearing out those cobwebs- in your thinking, your feelings, your body, your closets, your relationships. Notice how fear can keep us holding onto old stuff we would never consciously want to keep-- this is such a golden opportunity to let all the old stuff go! Resistance, though tempting, is pointless. When we know the tidal wave is coming, it's time to get on our boards, paddle like hell- and get up and ride---- maybe even hang ten! Use this giant cosmic energy to take you further than you could ever go under your own steam. We don't really have too much of a choice- it's ride the wave or get swamped..... **Always remember that nothing is ever taken from us that we need for our soul growth.** *I have written extensively about the Saturn-Pluto opposition in the last 5 or 6 newsletters- its difficulties and the beautiful opportunities it offers us to make everything in our lives a more authentic reflection of our truest selves and a better platform for our evolutionary process--- If you would like to receive this information again, please don't hesitate to ask----*

New Moon is 2/11/2002 at 11:41 pm PST. Uranus tightly conjunct the Sun and Moon at the lunation should make things rock and roll-- the changes we've been holding out on making may well come through this lunar month. Pluto in trine to Mars should help grease the chutes. As well as supporting change, the quadruple parallels of Sun/Venus/Uranus/Pluto and Moon/Mercury/Neptune/Chiron, should endow us with plenty of both romance and sex (only with those we already know, please.) Just remember that Jupiter opposite Chiron (which is also quincunx Saturn as discussed above) doesn't bode well for things falling into our laps too easily.

Valentine's Day 2/14 should be a fairly good day, but make all your preparations in advance, and keep things simple--- the all-day Moon Void may make last-minute plans unsuccessful, and too-intricate plans may not go smoothly. Love and loving are supported by a Mars-Pluto trine in the geo, Venus-Jupiter trines in the geo and the helio, and a Mars-Jupiter-Neptune triple parallel in the helio. However, 2 nasty t-squares containing sexual planets in the helio-- Venus-Saturn-Pluto, and Earth/Moon Complex-Mars-Uranus may not make for our most memorable performances-- to say the least.

Remember, **Moon Void** is not a good time to attempt anything important-- **Moon Void times for the next 30 days lasting an hour or more during the business day (more or less) are** 1/29 3:04 pm- 1/30 12:40 am PST, 1/31 3:46 am- 2/1 12:44 am PST, 2/5 6:02 am- 7:21 am PST, 2/7 4:38 am- 3:08 pm PST, 2/12 2:21 am- 12:53 pm PST, 2/13 11:44 pm through Valentine's Day to 2/15 1:26 am PST, 2/19 3:34 pm- 2/20 12:50 am PST, 2/21 11:53 pm- 2/22 8:16 am PST, and

2/26 8:30 am- 11:47 am PST. Don't forget to adjust for your time zone, and that the Moon is also void other days and times and/or for shorter periods..

Please e-mail me with any questions you would like to see addressed in future issues-- if you or anyone you know might like to receive StarGazer, send me the e-address-- and as always, I appreciate your referrals ----

I continue send out my vision for all of us, and invite you to hold it with me- a vision for all Beings of all Universes--- of Peace and Compassion, Love and Light. May it be so- with every thought we think, every word we speak, and every action we take- may we all choose to co-create Paradise.

Starlight Blessings and much Love,
HelenA
