4/25/02-- I am delighted to announce the debut of my counseling website:

www.4helen.com. It's filled with information about personal growth, spirituality, women's issues (men's too!) and support groups. Here is the link: www.4helen.com We're still ironing the bugs out, but I hope you'll visit soon! I'd love to hear your feedback-- e-mail me at helen@4helen.com.

Unfortunately, I'll miss all my friends at the Renaissance Pleasure Faire this year- but I will still be doing mini-readings by phone, as well as regular readings in my office in Westlake Village. E-mail me to schedule yours!

Full Moon is 4/26 at 8:00 pm PDT. It should be a pretty benevolent Full Moon, with Chiron and Jupiter in a mystic rectangle with Sun and Moon in geo. We'll still be dredging things up to process though, with Pluto conjunct South Node and widely opposite a big stellium in Gemini- consisting of North Node, Saturn, Mars and Venus. All three of these planets will be moving through opposition to Pluto and South Node during May, so do use these energies for growth and healing. More on this:

The **Saturn- Pluto opposition in geo gives us one last spin in the Cosmic Tilt-A-Whirl May 6-26**, and then we're over and out at last with this tough pattern. (It ended at last in helio at the end of March.) Remember, Pluto is urging us to clean up, transform and release stuck Saturnian energies and patterns in our lives-- do use this last go-round to get your life in order. Remember, the more proactive we are with planetary energies by *making things happen*, the less reactive we'll need to be because of *things happening to us*. To put it simply, this way we're a lot more in control. When this opposition ends, the forces pushing for our transformation strongly slacken, so now is the time to get things done. **A special note to those with birthdays from approx. the 6th- the 11th of the month, especially in the signs of Gemini, Virgo, Sagittarius, and Pisces--** you are being squeezed hardest of all by this opposition. **Your judgment is at an all time low-** you could even be swinging wildly between feeling like the world's biggest loser and feeling invincible and too good for anyone else. Neither of these is true, but you don't know it now. Unlike the rest of us, folks with these birthdays, **or anyone with planets in the mid-degrees of mutable signs**, shouldn't make any major changes in your life the opposition ends. Especially, don't leave a job or relationship that has been good, don't elope or start a new job, and be careful of being more attracted to people that are bad for you. Even after the opposition is over, Saturn and/or Pluto may still be transiting your Sun or other planets, so if you're still feeling crummy, wait even longer to make big decisions. **Always remember that nothing is ever taken from us that we need for our soul growth.** *I have written extensively about the Saturn-Pluto opposition in the last 9 newsletters- its difficulties and the beautiful opportunities it offers us to make everything in our lives a more authentic reflection of our truest selves and a better platform for our evolutionary process-- If you would like to receive this information please don't hesitate to ask----*

Noteworthy **Magi Days** this month: (These are days whose planetary patterns suggest strong general tendencies for one and all.) **5/3-** A romantic day and evening. **5/6-** Super sexual day and night until dawn- don't miss out. **5/7- 5/8** Bad for love but a great time to work hard. **5/9-** A great day and night to leave the boardroom and head back to the bedroom until next a.m. *For more information about Magi Astrology-- Click here: Magi Astrology - Magi Society*

New Moon is Mother's Day 5/12 at 3:45 am PDT. Unfortunately, this is another of those holidays that would be a lot more fun on another day. Today we're just a day or two past the culmination of Saturn/Mars/Venus/North Node opposite Pluto/South Node in geo, so anything that feels limiting, old and unhealthy, or triggers our authority issues can really set us off. Don't burn any bridges in the heat of the moment. Also, watch out for the Moon Void from 5:29 pm- 8:04 pm PDT. A breakfast or brunch is likely to go more smoothly than a dinner! As far as the lunation goes, we will clearly be in the release and rebuild mode for this lunar month (which of course goes along with the last of the Saturn-Pluto opposition.) Go for it and make yourself and your life as true and authentic as can be!

Remember, **Moon Void** is not a good time to attempt anything important-- **Moon Void times for the next 30 days lasting an hour or more during the business day (more or less) are** 4/26 6:29 am- 9:15 am PDT, 4/30 11:10 am- 2:03 pm PDT, a long couple of days 5/1 10:17 am- 5/2 9:43 pm, another long one 5/6 7:11 pm- 5/7 9:22 pm PDT, 5/10 6:47 am- 9:32 am PDT, Mother's Day 5/12 5:29- 8:04 pm PDT, 5/17 4:27 am- 10:52 am PDT, 5/21 9:53 am- 5:19 pm PDT, and 5/23 4:39 pm- 6:38 pm PDT. Don't forget to adjust for your time zone, and that the Moon is also void other days and times and/or for shorter periods... *Moon void information & a lot more is available in an easy-to-read format in Llewellyn's 2002 Astrological Pocket Planner-- To order, Click here: [T-New Worlds Online Bookstore: 2002 Astrological Pocket Planner: Daily Ephemeris & Aspectarian 2002-2003](#)*

Please e-mail me with any questions you would like to see addressed in future issues-- if you know anyone who might like to receive StarGazer, send me their e-address-- feel free to forward StarGazer to anyone you want--- if you would like to be removed from this e-newsletter list, reply with the word remove and your e-address as the subject- and as always, I appreciate your referrals ----

I continue send out my vision for all of us, and invite you to hold it with me- a vision for all Beings of all Universes--- of Peace and Compassion, Love and Light. May it be so- with every thought we think, every word we speak, and every action we take- may we all choose to co-create Paradise.

Starlight Blessings and much Love,
Helen
