**5/24/02--** *I have been so moved and honored by your responses to my website: [www.4helen.com](http://www.4helen.com).* Here is a particularly lovely note: "Dear Helen, I just visited your site and looked and read, extensively! It is **wonderful!** It will definitely be one I forward to some dear souls as a place for great inspiration and positive messages. I'm sure that you have helped/inspired many you have worked with over the years. I found the information you wrote very helpful about self-esteem, relationships, anger, and addictions. I look forward to visiting often." *I hope you'll visit soon!* I'd love to hear your feedback too-- e-mail me at [helen@4helen.com](mailto:helen@4helen.com).

**A Sun-Saturn parallel in geo from now until 5/28** makes this an especially bad time to start anything new-- try not to meet anyone who could be important, don't start a job or a business, don't sign lease, mortgage, or incorporation papers, don't make love with anyone for the first time. It's just a few days, wait it out.

**Full Moon is 5/26 at 4:51 am PDT.** This doesn't look like the easiest Full Moon. Saturn is parallel Sun and Mercury, and Venus is opposite Chiron in geo creating low confidence and rocky emotional waters, but with Venus contraparallel Mars and Mars trine Uranus, we want our sex anyway. In helio, these same themes are repeated-- Mars quincunx Pluto feeds the sexual flames, but Venus opposite Uranus makes us wary of commitment. Go easy and don't push for too much, especially emotionally.

The infamous **Saturn- Pluto opposition** that has challenged us so much since last July **finally ends May 26**. Remember, even though the opposition will be over, Saturn and/or Pluto may still be transiting planets in your chart, so the transformative energy this opposition brought may still be active in your life. Either way, allow time for all the changes to shake out and be integrated into your life.

Noteworthy **Magi Days:** (These are days whose planetary patterns suggest strong general tendencies for one and all.)  
**5/26-** A tough day for relationships, hang in there. **5/31- 6/1-** Enchanted days for love and romance- make the most of them.  
**6/22-** Combative and dangerous time for love relationships, be understanding and don't stir up trouble. For more information about Magi Astrology, check out their website: [www.magiastrology.com](http://www.magiastrology.com).

Last month I didn't even mention the **Mercury Retrograde which ends June 8**. I am less and less attached to the traditional theories of retrogrades. Although they do seem to have some effect, when we use all 4 dimensions of astrology- geocentric longitudes and declinations, and heliocentric longitudes and latitudes- there are so many more accurate predictive indicators that I hardly pay retrogrades any attention anymore. But OK, for those of you who fret during Mercury retrograde- triple check all of your work and your plans & arrangements with others now- which is never a bad idea anyway.

**New Moon is 6/10 at 4:46 pm PDT.** It looks to be another challenging lunar month, with Sun, Moon, Saturn, and North Node all tightly conjunct though separating. Our burdens may be heavy. The consolation is that we are being pushed to fulfill our Soul Missions. Let's get off the pity pot and work toward our destinies!

**Father's Day 6/16-** looks pretty good, especially if we plan something active. Energies are running very high with a Sun-Mars parallel in geo and an Earth-Moon Complex/Uranus yod with Mars and Jupiter at the apex, all applying. Keeping everyone busy will make us less likely to fall into an overly competitive or adversarial mode, which is also possible.

Remember, **Moon Void** is not a good time to attempt anything important-- **Moon Void times for the next 30 days lasting an hour or more during the business day (more or less) are ..... all day 5/29 4:46 am- 5/30 6:35 am PDT, again all day 6/3 3:58 am- 6/4 4:51 am PDT, 6/6 2:47 pm- 5:07 pm PDT, 6/11 9:05 am- 11:15 am PDT, 6/13 2:44 pm- 4:39 pm PDT, and 6/24 6:38 am- 9:01 am PDT.** Don't forget to adjust for your time zone, and that the Moon is also void other days and times and/or for shorter periods...

Please e-mail me with any questions you would like to see addressed in future issues-- if you or anyone you know might like to receive StarGazer, send me their e-address-- and as always, I appreciate your referrals ----

**I continue send out my vision for all of us, and invite you to hold it with me- a vision for all Beings of all Universes--- of Peace and Compassion, Love and Light. May it be so- with every thought we think, every word we speak, and every action we take- may we all choose to co-create Paradise.**

Starlight Blessings and much Love,
