

Best-Worst Days

Advance Star-Timer® Calendar

Quick Start Guide

TIMING IMPACTS OUTCOMES! Get intentional and GET RESULTS.

Uplevel your life and manifest your dreams with the power of Right Timing! Now you can REALLY plan ahead: Travel, retreats, events, reunions, presentations, submissions, launches, drops, more. Enjoy the luxury of advance planning, and as needed, within the RIGHT TIME ZONE!

	BEST DAY = Could possibly be good enough for a FIRST if your personal cycles are LIT! Depends on many factors.
	2ND BEST DAY = Good enough for a 1-day event. Not recommended for FIRSTS unless special circumstances.
	NEUTRAL DAY = Neutral/Mixed Energies.
	POOR DAY = Avoid for anything important. No FIRSTS, make no big decisions, check your work.
	WORST DAY = Do NOTHING important. Absolutely no FIRSTS, make no big decisions, check your work. Avoid as travel days.

Your Best-Worst Days Advance Calendar is one-half of getting the outcomes you want; the other half is using your personal cycles too.

- **The day brings the power/momentum.**
- **Your personal cycles determine your own actual harvest: Good, Bad or UGLY.**

How to use your Best-Worst Days Advance Calendar

Your Best-Worst Days Star-Timer will help you choose dates for actions and activities to maximize your desired outcomes and avoid heartbreak or failure.

Understand FIRSTS: A FIRST is the date you do something or meet someone for the first time. This creates the Ruling Chart of the job, business, relationship, professional relationship, whatever you started. The Ruling Chart is *literally* 1 of the only 2 or 3 **major causative influences over the OUTCOME**. Right Timing just gives you **more power to create the outcomes you dream of**.

There are big FIRSTS and little FIRSTS. But every FIRST sets up a Ruling Chart. Learn more about how to time things in both your personal life and in your career, here, click or copy/paste link: <https://magihelena.com/astrology-timing/#Star-Timing>

Universal Best and Worst Days are “best and worst” available, not “good and bad.” Each month’s selections are *relative* to the quality of days available for the month. Compare the Best/Worst/Average Day Scores and the Graphs below to understand how one month’s upside opportunities and downside danger zones compare with another month.

DAY SCORES	Use these scores to compare months.
Best =	Highest scoring day for the month. A Best or Second-Best Day.
Worst =	Lowest scoring day for the month. A Worst Day.
Average =	Average score for all days of the current month.

Sometimes the bright-gold very Best Day (or Days) is not the actual highest-scoring day of the month. To be good enough for a FIRST, the day AFTER the Best day must also be good enough. This provides you with at least 2 years of positive progressions for whatever you initiate. If you don’t need a new initiative to last beyond one year, then you can use a higher-scoring day, even if it is marked as a Second-Best Day.

Detailed information about what is factored in to Best-Worst Days is found near the end of this calendar key.

CRITICAL HACK: Always combine Best & Worst Days with your personal cycles!

DO NOT ignore your own ever-changing personal cycles and just use Best-Worst Days.

A strong day in the sky that brings YOU nothing but heartbreak is NOT the goal!!

A Best Day brings lots of helpful energy and momentum in the areas of life the particular day supports, but what actually brings your dreams to YOUR doorstep are your various personal cycles on the day. For the best outcomes you need both the momentum of a Best Day AND the right personal cycles, so that **you harvest only POSITIVES**.

- **The day brings the power/momentum.**
- **Your personal cycles determine your actual harvest: Good, Bad or UGLY.**

Wait for “overlap” days!!! Days for important FIRSTS need to be days which are great in the sky AND great for you personally. Full instructions for how to overlap Universal Best Days with personal great days is found in the Key included with every Instant Personal Star-Timer Calendar.

If you’re serious about upleveling your life: Just “falling into” better situations and solutions, coping with far fewer problems, and making your dreams come true, use BOTH!

Order of preference for important new initiatives and new meetings:

1. Best Day + Positive relevant personal cycles.
2. Second-Best Day + Positive relevant personal cycles.
3. Neutral Day + Positive relevant personal cycles.
4. Neutral Day + Mixed personal cycles.

Whenever possible, avoid any new beginning during peaking negative personal cycles and/or on a Universal Worst or Second-Worst Day.

Negative cycle peaks and Worst Days are when if it can go wrong, it will!

Getting Married, Starting a Business, Having Surgery?

Crucial FIRSTs need more consideration as the charts these FIRSTs set up will be life-changing, for better or for worse. To get the maximum benefits and avoid a date-driven disaster, dates for crucial FIRSTs must factor in many complex elements in the date itself, as well as your own and others' personal cycles.

A personal note to you

If you've made it this far, thank you!

I want you to know how deeply grateful I am to you.

My offerings are straight from my soul; I put my all into everything I do. To receive the unbelievable support I get from you in return fills my heart, and on a 3-D level, it means I'm doing something right.

I'm not someone who wants to scale a business so I can sell it, or phone it in from somewhere else. For who I am, that would be purposeless, heartless, empty; I'm not working just to fund another life: This, right here, is my fire, my passion, my purpose: Sitting in my little office, keyboarding Guidance, working on algorithms, creating offerings, and talking with you.

Thank you for the opportunity to serve. Thank you for the support. Thank you for the love. These are the MOST PRECIOUS THINGS in all the world to me. Thank you. Thank you.

Blessings and Love,
